BINIAM GIRMA TIRKASO

Software Engineering Student | Python Developer | Frontend Developer | AI & Networking Enthusiast

Ethiopia | +251 938 541 814 | gbiniyam98@gmail.com | github.com/Biniam-Girma-cyber

PROFESSIONAL SUMMARY

Motivated Software Engineering student with hands-on learning experience in **Python, modern frontend development, AI prompting fundamentals, and computer networking**. Experienced in building practical projects with Python, JavaScript, React, APIs, and databases.

TECHNICAL SKILLS

Languages: Python, JavaScript, C++, HTML5, CSS3

Frontend: React.js, Tailwind CSS, Responsive Design, REST APIs, React Hooks

Python & AI: Python Fundamentals, OOP, Data Structures, AI Prompt Engineering

Networking: TCP/IP, OSI Model, IP Addressing, Subnetting, VLANs, Routers & Switches

Tools: Git, GitHub, VS Code, SQLite, MySQL, XAMPP, Render

PROJECT EXPERIENCE

Product Management Dashboard

React.js | *JavaScript* | *REST API*

• Built a responsive product dashboard with search, filtering, and dynamic product data.

• Used React Hooks and reusable components; integrated an external REST API.

QR Meal Service Registration System

Python/Flask | *SQLite* | *JavaScript* | *QR Code*

• Designed a QR-based meal registration and verification system.

• Implemented registration and duplicate-meal prevention concepts.

Personal Finance Tracker

Python | *SQLite*

• Built an application for tracking income, expenses, and spending categories.

• Implemented transaction management and SQLite database storage.

University Resource Sharing Platform

Web Development | *Database*

• Designed a platform for students to share and organize academic resources.

• Planned user, resource, and category management functionality.

EDUCATION

Bachelor of Science in Software Engineering — Addis Ababa Science and Technology University (AASTU), Ethiopia

Expected Graduation: 2030 G.C. | Relevant: Programming, DSA, Databases, Computer Networks, Web Development, Software Engineering, AI

TRAINING

Full Stack Web Development — Udacity | Python Programming | React.js | AI Prompt Engineering | Computer Networking | Git & GitHub

CORE STRENGTHS

Problem Solving • Fast Learning • Team Collaboration • Technical Research • Communication • Software Project Development
